Pope is Released and Leaves for Minco Home

High Pope was released on bail for \$10,000 late yesterday afternoon. The bond was fixed up within some twenty-four hours after bail was granted by the district judge, and the youth was on his way home to Minco, where he is alleged to have killed Marvin Chittwood early last Friday morning.

The young man was accompanied home by his father, Attorney J. B. Pope, who has been with him almost continually since the killing.

Sewing Circle With Much Whispering

Before the stork arrives there is much to talk about. The comfort of the expectant mother is the chief topic. And there is sure to be someone who has used or knows of that splendid external help, "Mother's Friend." It is applied to the abdominal muscles, gently rubbed in and has a most pronounced effect as a lubricant. It enables the network of nerves, enables the muscles to expand naturally, relieves strain on the ligaments and thus sets at ease any undue strain on the organs involved. And it does this with perfect safety. Expectant mothers know so through the ordeal with comparative ease and comfort. Knowing mothers who have used "Mother's Friend" speak in glowing terms of the absence of morning sickness, absence of strain on the ligaments and a freedom from many other distresses.

One of the most important symptoms to be relieved by "Mother's Friend" is the imagination that so often disturbs repose. Pains, even though natural, may so distort the mind that undue apprehension will sometimes follow. The gentle, soothing influence of "Mother's Friend" gives the mind substantial aid to become conscious of strength and there is a real, physical sensibility of muscular relief as evidenced by freedom from undue strain.

You can get "Mother's Friend" at any drug store or they will gladly get it for you. Write today to Bradford Regulator Co., Lamar Bldg., Atlanta, Ga., for a highly instructive book of great value to all expectant mothers. It contains a valuable expectancy chart, rules on diet and is bristled of suggestions that all women will appreciate.

FED. PROBE IS STARTED

By United Press.

Chicago, July 29.—Following the returning of six indictments by the county grand jury, Secretary Redfield today took charge of the probe of the federal steamboat inspection system and the federal grand jury began an investigation of the Eastland disaster.

The men indicted on charge of manslaughter are as follows:

William H. Hull, general manager of the Chicago-St. Joseph Steamship company, owner of the Eastland; Capt. Harry Pederson of the Eastland; J. M. Erickson, engineer; Robert Reid, federal inspector of steamships, who gave the Eastland license to carry 2500 passengers July 2; J. C. Eckhoff, federal inspector of steamships; W. K. Greenbaum, general manager of the Indiana Transportation company, lessee of the Eastland.

Tired, Aching Muscles Relieved.

Hard work, over exertion, mean, stiff, sore muscles. Sloan's Liniment lightly applied, a little quiet, and your soreness disappears like magic. "Nothing ever helped like your Sloan's Liniment. I can never thank you enough," writes one grateful user. Stops suffering, aches and pains. An excellent counter-irritant, better and cleaner than mustard. All druggists, 25c. Get a bottle today. Penetrates without rubbing.—Adv.

CAPTURE PACHUCA

By United Press.

Washington, July 29.—The Carranzista agency here claims that Pachuca has been captured after a brief fight in which the Villistas were signally defeated. A report received here from El Paso also states that Torreón has been evacuated by the Villistas.

The state department has announced that it will make immediate demands of the Carranza and Villa factions that the Vera Cruz-Mexico City railroad be re-opened. Traffic has been suspended on it since Sunday, and the food situation in the capital is declared to be acute.

Rangers to Protect a Cattle.

Laredo, July 29.—Rangers are to be stationed here and at Del Rio in the campaign citizens are waging against Mexican marauders who have been stealing cattle from American ranchmen.

TRAVELING MAN'S EXPERIENCE.

"In the summer of 1888 I had a very severe attack of cholera morbus. Two physicians worked over me from 4 a. m. to 6 p. m. without giving me any relief. An old friend told me they did not expect me to live; that I had best telegraph for my family. Instead of doing so, I gave the hotel porter fifty cents and told him to buy me a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy, and take no substitute." I took a doctored case, according to the directions, and went to sleep after the second dose. At 5 o'clock the next morning I was called by my order and took a train for my next stopping point, a well man, but feeling rather shaky from the severity of the attack," writes H. W. Ireland, Louisville, Ky. Obtainable everywhere.—Adv.

STILL HOLD TOP PLACE IN LEAGUE

Oilers Defeat Typos 6 to 2 With Two Men Gone from Regular Line-Up; Again Gives Them Safe Lead

With one of their heaviest hitters, Burton, and their captain and catcher, Siddons, left out of the line-up, the Oilers again proved their class in the City League at University park yesterday when they defeated the Typos, 6-2. The defeat was a heavy jolt to the Typos, who expected to take the game with a margin to spare after defeating the Rock Island by a top-heavy score Sunday and with a stronger line-up yesterday than they presented against the Machinists.

The only explanation of the result is the consistent playing of the leaders when consistent playing meant scores for themselves or outs for the Typos, and the failure of the Printers to accomplish the same thing. Hits were evenly divided, seven off each the twirlers, and the Printers made only six errors, but those errors were made on critical plays every time and Season never would let the Typos connect when men were on bases.

The game gives the Oilers a safe lead again. A defeat yesterday would have given the Typos a tie for first place.

The tabulated score follows.

=IF=

A corporation president has retired at the age of 85 having to his credit (?) the distinction of resisting all inventions of modern progress in conduct of business.

In his 44 years business he achieved a fair measure of success without the telephone, the typewriter, or the adding machine, how much greater success might his have been had he kept pace with the times?

You can "get by" keeping your money in the clock, or the bureau drawer, how much larger business success would you achieve if you banked your money, thereby systematising your accounting, and at the same time by consistent sticking to one bank, building a line of credit enabling you to take advantage of an unexpected opportunity larger than your own funds at the moment permit.

Will be glad to have your account, if you are not now a customer.
